

## K. T. Elect Officers.

a stated convocation of Snyder Commandery No. 69, K. T., Monday night, Jan. 20th, the following officers were elected:

M. A. Fuller, E. C.  
E. J. Anderson, Gen'l.  
A. J. Towns, C. G.  
Joe Monroe, T.  
M. J. Bries, R.  
Guy Paxton, S. W.  
W. S. Adamson, J. W.

The Commandery decided to hold its first annual banquet, Feb. 14th, at which time the lady friends of the members will be entertained. The commandery grew in members from 12 to 62 during the first year of its existence. It enters upon its second year under more favorable conditions than any it has yet enjoyed. Especially gratifying to its members was the report received from the head of the Grand Body of the K. T. which designated Snyder Commandery as one of the foremost in efficiency and growth in the State, and laying special stress upon the fact that this body of Masons had gone the limit in buying war saving stamps contributing to the success of the war relief fund and otherwise helping to win the great world war.

## Chamberlain's Cough Remedy.

Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

A lady in Pennsylvania wrote to Gay, Bob Williams of Oklahoma asking his advice as to the best company in which to buy oil stock. He promptly wired her, "Don't buy oil stock."

We may some time have a new constitution in Texas, but in the meantime we are going to have the old one amended on at least two points.

## For Croup.

Chamberlain's Cough Remedy is splendid for croup," writes Mrs. Edward Hassett, Frankfort, N. Y. "My children have been quickly relieved of attacks of this dreadful complaint by its use." This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult.

Senator Gore thinks that when a fellow is working for the government for a dollar a year and is getting \$10,000 from the meat packers its no trick at all to figure where he is putting his best bids.

When you get your nice pretty lithographed certificate of stock in some oil company it might be a good idea to have it framed.

W. C. Moore in Dallas News, says shaving on sleepers is unsanitary. Then let the rich guys that want to show off the penniless puppet who wants to look like a, wait till they get to a place to stop and go to a barber shop.

Morganthau says Turkey must not be allowed to live. He was Ambassador to Turkey for a long time and he knows the Turks. They are not fit to maintain a government among civilized nations.

During this month we will accept subscriptions to the Abilene Morning Reporter and this paper, one year each, \$2.00 for only \$4.00.

The same united American effort raised and equipped an army to liberate our country from German domination is now needed to save it from revolution.

George Autry was here Monday in his Canyon creek home and he has his land all bedded up so has taken in all the moisture has come to it.

oy Strayhorn who has been staved at Camp Jackson, Columbia, South Carolina, arrived home Monday and will resume civil life.

**Subscription Bargain.**  
This is truly a subscription bargain and is on for only a limited time. During the coming reconstruction days you cannot afford to be without a daily newspaper, and no regardless of his income, can do without his county paper; this or send your subscription to his office.—Adv.

## THIS MAN WANTS TO TALK TO YOU

FRANK M. SMITH  
Federal Director War Loans and Savings

## WOMEN KNOW JOY OF INDEPENDENCE

MRS. E. B. REPPEKT  
Chairman of the Woman's  
Liberty Loan Committee

Suppose you were attacked by a gang of ruffians who nearly killed you, and you were saved by some plucky doctor who himself was injured in the struggle, but who stayed by you night and day until you recovered.

Would you refuse to pay the doctor's bill on the ground that the danger was now past and that paying for past services was an unpleasant task, anyhow?

You would not. You would regard it as a sacred duty to liquidate that debt.

I see no difference between the situation described and the position of every man, woman and child in this country today. At the cost of life and magnificent effort we have been saved by our fighting men and our intelligent, hard-working statesmen from something quite as bad as death.

A Most Solemn Obligation rests upon us to pay the bill. There is so much owing that we can never repay that there should not be heard one murmur about settling the financial part of the obligation.

I do not believe that there will be any difficulty. The American people are just people who pay their debts, they are grateful and generous people.

The Government paid out the stupendous sum of Two Billion and Sixty Million Dollars in war expenses during the month of December alone and the expense will go on for many months to come. Of course the Government was borrowing all this money from the banks, and must soon pay it back—and, of course, we must find that money.

We Are Going to Do It by buying Thrift Stamps, Savings Certificates and Liberty Bonds on a scale bigger than ever before. We are going to economize and save, not because we are afraid of the Hun getting his foot on our neck, but because we are grateful to Almighty God, our sainted dead, the boys who are coming back with victory in their hands, to our beloved President and his helpers, to all of whom is due the credit for the glorious result.

(MRS.) E. B. REPPEKT.

Your Government asks you very earnestly not to sell your Liberty Bonds unless you have to. To part with your Liberty Bonds means giving up your pledge of patriotism and citizenship, and handing your responsibilities and privileges over to some one else. Liberty Bonds will be worth much more money presently and it is good business to hold them.

If you must sell, get the full market price. Go to a responsible banker and let him give you information and advice. Do not sell to just anyone, who may not treat you fairly.

## Traveling by Music

Do you ever yearn to visit strange lands? Does the unrest, the longing for adventure ever seize you? Do you pine for the tropics' starry night, the waving palms and the trade-winds blowing cool against your brow? Or the magic mystery of the East, the crowded bazaars where the treasures of the Orient are spread before you—do you ever feel their call?

Music will transport your soul wherever you desire to send it. The lift of the danza will take you South in an instant, laying before you the gay romance of the pleasure-loving Latins. Or the haunting, hovering chant of the Hindu will bring to your senses the calm inscrutability of the Temples, the scent of sandalwood, and the riotous color of the markets.

Music, in its appeal to the emotions, knows neither the limitations of time nor space.

You may travel in music if you wish. The entire realm of musical art is at your disposal through the medium of

The NEW EDISON  
"The Phonograph with a Soul"

The music it yields is the Re-Creation of the living music of the world's greatest artists. It will open to your soul the secrets of the peoples of the world. Its language is universal—you will understand them all through music.

Come and we will freely demonstrate the New Edison at your pleasure.

## Self Protection.

Sunsel asks the question: Why are United States troops in Russia and then answers the question this way.

"The allied nations are not at war with Russia; yet allied troops are engaged in bitter fighting on Russian soil, and American soldiers are in the forefront of the battle. What is the meaning of this incongruous situation?

To speak plainly, the allied troops are fighting an idea, styled Bolshevism, a thing which in practice turns out to be a tyranny of the sort masquerading as communistic anarchism. Bolshevism means hunger, disease, constant killing, cruel despotism. It is a disease that spreads rapidly, and because it is infectious, the allied troops are endeavoring to clean out the source of infection.

Bolshevism preaches the forcible overthrow of social institutions as it present constituted. Since society is a living, functioning body, it has the right of self defense, of self preservation inherent in all life. It is perfectly justified in defending itself against attack. Bolshevism not only preaches attack upon existing social forms—but actually destroys them. Bolsheviks invaded Finland, were ejected and have begun a new invasion for the purpose of organizing Finland on a Bolshevik basis. If the Bolsheviks are justified in thus attacking a neighboring country to spread their doctrines, surely the allies have a right to attack the Bolsheviks.

Mr. and Mrs. O. L. Morrow were in Monday from their home, the Billie Sims ranch and paid the Signal an appreciated visit and moved their subscription up for the Signal and Dallas News.

Mr. and Mrs. W. M. Richards of Seminole were weekend guests of Snyder friends and paid the Signal a substantial call.

## Mr. Farmer!

If you have a loan with the Federal Land Bank of Houston you are paying 5 to 5½ per cent interest and have safe-guarded yourself against debt, maturity and embarrassment when financial readjustment comes—as come it will—after the war. You are now saving from \$30 to \$50 a year on each \$1,000 by reason of the lower rate of interest than you were paying on your farm mortgage or your neighbors are paying on theirs. In five years you will save from \$150 to \$250 on each \$1,000.

Won't you put this saying in Lib-

erty Bonds and do your "bit" in your country's greatest emergency? Liberty Bonds are a safe, profitable investment and badge of honor to every farmer who owns them.

Or, if you have not a loan with the Federal Land Bank of Houston but owe on a farm loan indebtedness which costs you more than 5½ percent interest per annum, won't you take steps to refund same by loan to the Land Bank—anticipate the same and lowest rates in Liberty

Bonds? Is it not better to make an investment in Liberty Bonds than pay out the money in agent's commissions and interest in excess of 5½ per cent?

Be wise and patriotic. Act on these suggestions and bring them to the attention of neighbors similarly situated and induce them to take like action.

Of Houston.
